

Working From Home (Telecommuting)

If you want places to look for a work at home job, check out the companies below. BEFORE applying for a position, read the requirements and experience needed for each position listed.

You should consider the following factors in making a determination if working from home will be a good option for you at this time:

- Ability to work independently; without close supervision
- Most positions will require a desktop computer, a dedicated land-line, high-speed internet access, and a headset
- Comfortable with working on a computer/telephone system
- Good communication skills
- A work space that will be conducive to getting work done
- Dependent Care (i.e., child care/elder care/care of any other dependents) arrangements
- Be able to pass a background check

We cannot guarantee that all of these companies are hiring at this time, but you will now have access to their contact information and most companies will keep your resume on file for when there is an open position!
